

# GET INVOLVED!

# VOLUNTEER

**Thank you for your interest in the NASSTRAC Volunteer Program.** One of the best ways to enhance your membership experience is to become actively involved in the association, with its members, and its message! By sharing your expertise and time, you'll:

- Gain exposure to your industry peers and learn from others
- Position yourself as an industry leader having specific skills and expertise
- Develop leadership and team-building skills
- Build self-confidence in your profession
- Receive personal satisfaction in your achievements

Please print, complete and fax to NASSTRAC at 952-442-3941. Once received, Member Services will call you to discuss the best opportunity that matches your interests.

**Existing Areas of Opportunity (please check one of the following committees):**

**Education Committee**

This committee develops programs to challenge your thinking and offer you practical tools and knowledge to be effective in your job.

**Professional Interaction Committee**

This committee creates and oversees ways for members to connect with those involved in supply chain management.

**Carrier Advisory Council**

This dynamic group of leaders helps shape direction and collaboration between the shipper community and providers.

**Provider Relations Committee**

This committee encourages open dialogue between shippers and those companies providing services to them, and drives NASSTRAC's support for carrier issues.

**Advocacy Committee**

This committee takes an active role in reporting current information and regulatory changes and their impact in the industry.
