

NASSTRAC, Inc. provides value to transportation and logistics professionals through advocacy, education, provider relationships, and peer networking. It provides a forum for you to grow professionally, broaden your industry connections, educate yourself on new trends and issues, and shape legislative issues that impact your organization and the industry overall.

NASSTRAC members are companies that manage logistics and transportation involving all modes — ranging from full truckload and LTL, to intermodal, air and expedited shipping, and global logistics.

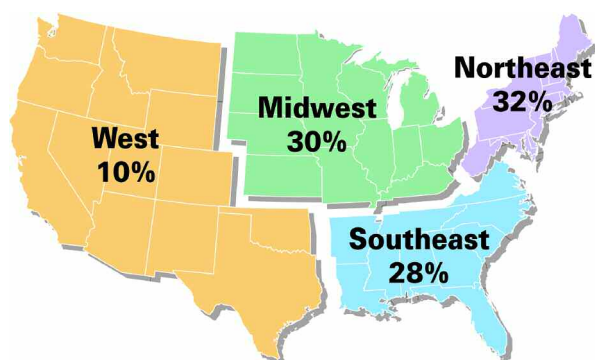

Who Belongs to NASSTRAC?

- Key decision-makers at all levels — ranging from Manager or Director of Transportation to Vice President of Logistics or Supply Chain Management.
- Many industries are represented, including: consumer products, retail, pharmaceutical, chemical, cosmetics, machinery, medical, printing, publishing, durable goods, and food and beverage.
- Suppliers of transportation and logistics-related products and services — including carriers, SCM integrators, technology innovators, and consultants.
